Citrus Heights, CA

Area 9 meeting is combined with 7/8 to hear presentation
By Representatives from TLCS
Regarding Proposed apartment complex
On Abel Christmas Tree Property on Sunrise

This complex is planned to have 15% dedicated
to mentally ill and their families and homeless and
their families.

The other 70% of apartments would be considered
Low Income but would be dedicated to “unstably”
housed. Those who are living in cars, garages,
doubled up with other families.

This would be a new kind of complex for Citrus Heights
so this is an opportunity to hear what they are proposing.
