[...] In the stretches of corridor between the retail nodes, non-retail uses such as offices, service businesses, mixed use and residential development are encouraged. [...] the General Plan provides a Corridor Transition Overlay designation, which allows for low intensity commercial and mixed use developments that are compatible with surrounding land uses [...]"

Sunrise Boulevard: The southern portion of Sunrise Boulevard within the City is dominated by Sunrise MarketPlace, which is designated for commercial and office uses. Two other commercial areas exist at Woodmore Oaks Drive and between Old Auburn Road and Antelope Road. The General Plan seeks to retain existing medium and high density residential developments along Sunrise Boulevard, and other residential uses that back or side onto Sunrise Boulevard. Some areas with single family residences, some of which front on Sunrise Boulevard, are designated with the Corridor Transition Overlay designation.” **Page 2-17**

"Sunrise MarketPlace will need a vibrant, distinct identity to remain a major regional draw and top revenue source for the City. Aggressive marketing and business promotion efforts and beautification will be required to ensure the continued success of Sunrise MarketPlace as a commercial center and community resource.

"The City of Citrus Heights, through General Plan policies, redevelopment, and partnerships with the private sector, seeks to maintain and enhance the quality of life of its residents by retaining and encouraging expansion of existing businesses and employment.
