Compliance with Energy Code requirements can be demonstrated using a whole building energy model (Performance Path) or by meeting a list of prescriptive requirements in the code (Prescriptive Path).

Prescriptive Path

You may document compliance with Prescriptive requirements in the Energy Code using the **2022-CF1R-ALT-05** and submitting it to the local Authority Having Jurisdiction **with your project's permit application**.

If you'd like help completing this form, you may want to contact a Certified Energy Analyst (CEA). CEAs can be found through the California Association of Building Energy Consultants (CABEC) website: https://cabec.org/find/

CABEC Website

During Construction

During construction, the contractor will need to complete the **2022 CF2R-ALT-05** compliance form and **give it to the building inspector prior to the permit being final** with the Authority Having Jurisdiction
